Warm August Weather

According to the Los Angeles Weather Bureau the first 15 days of August were the hottest experienced at this period for a great many years. Sunday was the hottest day of the 15, the mercury registering a maximum of 92 degrees in the shade on the top of the Federal Building, which is equal to about 100 down on the ground. With this continued high temperature not a heat prostration has been reported.

Death of Chas. J. Perkins

Charles J. Perkins, who has been critically ill for some time, passed away at his home at 215 West Elk avenue at 12:10 p. m., Monday, August 16, 1920. He is survived by his widow, Julia C. Perkins, who came with him to Glendale about three and a half years ago from Portland, Me. He was a retired hotel druggist and was seventy years of age. Funeral services will be held Wednesday afternoon at 2:30 at the Little Church of the Flowers, and the remains will be placed in the mausoleum there. Deceased was a member of Glendale Commandery, Knights Templar No. 53, also of B. P. O. Elks' Lodge No. 1289. Officials of these organizations will conduct the services, of which Pulliam & Kiefer will have charge.

Open New Boulevard

J. W. Reagan, Flood Control Engineer, telephoned The Evening News yesterday, urging the attendance of many Glendale people at the opening of the new boulevard over the Devil's Gate dam Wednesday. This is now a part of the Foothill Boulevard, running through Sunland, La Crescenta and La Canada. Mr. Reagan added the information that bids had been opened for construction of dams in San Dimas and Live Oak Canyons, $600,000 for the first named and $81,000 for the latter.

ACROSS THE BORDER

MRS. CHARLES W. RETTS HAS GOOD REPORT FROM HUSBAND AND BROTHER

Mrs. Fannie Marple Retts of 114 West Park avenue, says she has had letters from her husband and brother announcing their safe arrival at their ranch on the other side of the Mexican line, where they found nothing to suggest war. All the way through Mexican territory they were most cordially treated by the Mexicans with whom they came in contact who seem most hospitable and kind. They had made a trip to the lagoon, which is part of the Gulf of California, and which is about five miles distant from their holdings. They found good hunting—rabbits, quail and ducks in the lagoon. The temperatures they said were a trifle warmer than here, but not seriously uncomfortable because the climate is so dry.

BONDS CARRY

VOTERS OF GLENDALE UNION HIGH SCHOOL DISTRICT VOTE $60,000 BONDS

Yesterday's bond election in the Glendale Union High School district having been successfully carried, it now means that the Board of Trustees will proceed at once to do all within their power to provide necessary room for the large attendance of boys and girls at the opening of the next term of school. It is a well known fact that the proposed bungalow class rooms cannot be completed in time for the opening of school, but of course the Board of Trustees will see that they are in readiness at as early a date as possible.

Last fall the announcement was made that more room was necessary, and unfortunately the question of an excessive bond issue for the purchase of high priced property in the business section of the city was advocated, and when it came to the question of the people voting for and against the bond issue, it was defeated. The same conditions prevailed at a second election. The Board of Trustees being a fair-minded group of gentlemen, they certainly agree that it is just as proper to submit to the will of the people, and as the Trustees and the citizens have the best interest of the school at heart, they have agreed that for the present the providing of additional room by means of bungalow class rooms is the preferable way. It is now up to the board to hasten the construction of the new buildings as rapidly as possible, and undoubtedly they will do this very thing.

Pleasant Camping Trip

Donald Spears of 718 East Acacia, who recently took a camping trip with three Los Angeles boys who are chums of his, has some interesting experiences to tell. Their longest stay was in a canyon near Lakeside, San Diego County. While trying to hunt rabbits there one of the boys was shot in the arm. They were 15 miles from a doctor, but they got the patient to him in time to prevent any serious results. They visited Camp Kearny where they had a friend in the R. O. T. C., and where they met several other boys they knew. A relative of one member of the party is in the navy and took them aboard some of the ships in the San Diego harbor. They also crossed to Tia Juana for a brief tour of inspection and on the way home visited Coronado, Oceanside and other interesting points where they could make a comfortable camp for the night.

BOYERS ELATED

BROTHER OF MRS. BOYER WINS HURDLE RACE AT ANTWERP

Dr. H. R. Boyer and wife were greatly elated upon reading in this morning's dailies that Frank F. Loomis, Jr., of Chicago, had won the 400-yard hurdle race in the Olympic games at Antwerp, Belgium, and that he was the first American to win an event. So the Stars and Stripes were hoisted on the course, for the first time. Frank Loomis is a brother of Mrs. Boyer, and another brother, Joe, also a well-known athlete, is contending in the games.

NEAR ACCIDENT

JESSE SMITH'S QUICK WIT PREVENTS SERIOUS INJURY TO CHILD

As Jesse Smith was driving slowly from the Ford Garage on to Kenwood street yesterday, a little child darted in front of him on roller skates. Having narrowly escaped crushing a child under the wheels of his car on a similar occasion some time ago, Jesse at once threw off the power, thinking that possibly other children might be following. He had no sooner done so than a curly-haired boy skated into view, almost under his wheels. A quick application of the brakes brought the machine to an instant stop in time to prevent crushing the child, which proved to be the same one which he had so narrowly escaped injuring before and whose parents had promised him they would not allow the child to skate on the street by the garage.

Jesse notified Judge Lowe of the occurrence and urged him, through his office and the Glendale papers to warn parents against permitting their children to skate in front of garages, especially.

BASE BALL TRAGEDY

(Special Service to Glendale Evening News)

NEW YORK, Aug. 17.—Ray Chapman, shortstop of the Cleveland American League team, died in a hospital early today from injuries received yesterday when he was hit by a pitched ball. Today's game between Cleveland and New York has been called off. Chapman sustained a fracture of the skull and died following an operation performed at midnight last night.

WARSAW STILL UNCONQUERED

BOLSHEVIKI ENCIRCLING MOVEMENT FAILS AND FORCES DRIVEN BACK ACROSS RIVER

(Special Service to Glendale Evening News)

LONDON, Aug. 17.—Warsaw's fate was being decided in a fierce battle along the entire front of nearly 200 miles today. A strong Polish counter-attack was developing successfully, according to Warsaw dispatches.

The last reports from Warsaw said that Russian forces had been driven back across the river Bug. Bolshevik efforts to encircle Warsaw were defeated after a bitter battle. The Poles smashed the "red" attack and the Bolsheviki left many killed and wounded.

Polish cavalry, French tanks and armored motor boats were being used very successfully by the Poles.

PARIS, Aug. 17.—The Russians are advancing rapidly toward Graudens for the purpose of cutting communication between Warsaw and Danzig, according to advices from Warsaw today.

LONDON, Aug. 17.—Reports that Warsaw has fallen were without confirmation, the Soviet trade delegates here said today.

WASHINGTON, Aug. 17.—"The battle for Warsaw is still on with conditions favoring us," a message from the Polish minister received here today said.

"The government remains at Warsaw which will be defended to the last breath. The general feeling of confidence among our troops is growing," the message said.

The State Department said there was no truth in reports that Russian cavalry had entered Warsaw.

CANTU STILL IN OFFICE

AWAITS ACCEPTANCE OF TERMS OF SURRENDER AND SUCCESSOR NOT YET ARRIVED

(Special Service to Glendale Evening News)

CALEXICO, Aug. 17.—Governor Cantu of Lower California, was still retaining his position today although General Luis Salazar was expected to succeed him soon.

According to unofficial reports from Mexicali, Cantu and Salazar are awaiting the arrival of an acceptance of the terms of surrender agreed to by Cantu several days ago.

Standing at the end of the day's contests in points: America 68½, Finland 34, England 19, Sweden 13½, France 12, South Africa 4, Esthonia 2.

ROBBERY IN POLICE STATION

SAFE IN COURT OF JUDGE CHEESBRO OPENED BY SAFE CRACKERS; $25,000 MISSING

(Special Service to Glendale Evening News)

LOS ANGELES, Aug. 17.—Expert safe crackers broke in and robbed the safe in Police Judge Cheesbro's court in the Central Police Station of more than $25,000 during the night, it became known this morning when court attendants appeared to open the court. More than $40,000, mostly in currency, was in the safe last night but only about $25,000 was taken by the robbers, Clerk Johnson reported to the police.

The outer door of the safe was opened by experts, the police believed. The inner door was smashed in with a hammer. An outstanding feature of the robbery is the fact that the court room was in the Central Police Station.

QUIET SHOWER

MRS. J. R. WHITE HONOREE AT MEETING OF GLENDALE FEDERATION P.-T. A.

An all-day meeting of members of the Executive Board of the Glendale Federation of Parent-Teacher Associations, was held Monday at the home of H. V. Brown, 337 North Central avenue. Mrs. John Robert White, the new president of the federation, was the guest of honor and was made the recipient of a quilt shower. It was a rather unusual and pleasant function in that blocks had been contributed by the various schools and when assembled it was found there were enough for five quilts. Three of them were tied and otherwise completed by the corps of experienced needle-women and were duly presented to Mrs. White. The other two will be manufactured later. Luncheon was served at noon and was a jolly affair, and federation matters were discussed. Those present were: Mesdames John Robert White, W. A. Campbell, P. O. Lucas, Esselman, F. H. Roberts, Pierson, Hanning, A. H. Brown, M. E. Plasterer, Mabel Horner, L. W. Sonntag, H. A. McPherson, A. A. Barton, W. A. Kulp, Miss Eva Daniels, the hostess and her daughter, Agnes.

Mr. and Mrs. White have leased and are now occupying a part of the time, a house at 325 North Orange street, going for the week-ends to Hermosa Beach, where their children are spending the summer.

FAMILY PARTIES

BROWNS AND RANDS CELEBRATE SILVER WEDDING AND BIRTHDAY

Two family celebrations were enjoyed last week by Dr. and Mrs. H. F. Rand of 526 East Palmer and their large circle of relatives. The first, which took place at the home of Mrs. R. E. Davis on Kenwood street was in honor of the birthday of Mrs. Rand. All members of Mrs. Rand's family were present, also Mr. and Mrs. Clough, parents of the hostess, and their family, likewise Dr. Brown and Robert Morton

On Sunday night the same group celebrated the silver wedding of Mr. and Mrs. H. M. Brown at the Browns' residence in San Fernando. All the sons and daughters of the honorees were present, including a son who lives in San Fernando and his family, a son and daughter-in-law from Brawley, a daughter, Mrs. Carroll, and her family of San Fernando, a brother and sister-in-law, Mr. and Mrs. Alex Brown of Imperial, a nephew from Loma Linda and a number of neighbors and old friends from San Fernando. On both these occasions appropriate refreshments were served and the guests of honor were the recipients of beautiful gifts.

TUESDAY CLUB

OFFICIALS MEET AT HOME OF MRS. PRESIDENT TO DISCUSS YEAR'S PLANS

A meeting of the Executive Board of the Tuesday Afternoon Club was held last week at the home of the president, Mrs. E. H. Willisford, at which plans for the coming year, especially methods of promoting the social life of the organization and better acquaintance among members were discussed.

Application blanks were distributed among the officials present to be handed by them to members for the use of any newcomers in the community who wish to join the club, and have their names and addresses enrolled in the year book to be published this summer. Ladies present were Mrs. Mabel Franklin Ocker, vice president; Mrs. Walter Stamps, recording secretary; Mrs. A. M. Hunt, treasurer; Mrs. Andrew Findlay, corresponding secretary pro tem; Mrs. John Robert White and Mrs. E. W. Kinney, directors.

Small Ad Sells Property

John Chudley sold his residence property at 125 West Windsor Road through a small ad in The Evening News. He had advertised it in the Los Angeles papers and had it in the hands of agents, but the sale was made solely through the ad in The Evening News, he said. Mr. Chudley and family have moved into a house at 907 East Lomita avenue.

ELKS TO FILLMORE

GREAT PREPARATIONS BEING MADE FOR EVENT NEXT SATURDAY

At the meeting of Elks' Lodge last evening the main order of business and topic of conversation was the visit to Fillmore next Saturday, and the lodge session to be held there under a special dispensation. Mr. Hawthorne, a resident of Fillmore and one of the 100 or more members of 1289 residing in that little city, was present last night and told of the preparations being made by the citizens to entertain the visitors. The first thing will be a barbecue, of which all will be invited to partake. The main streets will be decorated and those on which the Patrol will do their drilling will be washed thoroughly by repeated flushings. A hall that will accommodate the 500 or more guests and hosts has been secured. A first-class entertainment will be provided by the citizens in general, also. A fund of $800 has already been raised for this purpose, Mr. Hawthorne said.

A special train will convey the Elks residing in and near Glendale to Fillmore, starting from the station in the southwest part of the city at 3 o'clock. All who wish to go must board the train there. The Santa Monica band will accompany the party and furnish music going and coming, as well as in Fillmore. Tickets can be secured of the secretary at Elks' Hall. The price for the round trip is $3.35.

MOTHER WELCOMED

MRS. L. B. CRAM ARRIVES FROM ZUMBROTA, MINN., TO MAKE HOME WITH SON

Mr. and Mrs. C. M. Cram of 947 North Louise street, on Saturday welcomed to her home Mrs. Cram's mother, Mrs. L. B. Cram, who has come to Glendale for an indefinite stay. She was here for eight months two years ago and decided that she liked Southern California so well that she disposed of the home in which she had resided in Zumbrota, Minn., for six years, and is now free to stay as long as she wishes. She will probably return to Minnesota to visit as she has left two daughters there, but California is the land of her choice. Zumbrota is about sixty miles south of St. Paul and is not far from Rochester, where the famous Mayo Hospital is located.

Mrs. Schnitzius Passes

Mrs. Clara Schnitzius, who has made her home for the past six months with her daughter and son-in-law, Mr. and Mrs. H. H. Nolan, of 329 North Jackson street, passed away Friday, August 13, 1920. She was 74 years of age and had been in frail health and a cripple ever since she fractured her hip two years ago. She leaves three daughters who reside in Glendale, Mrs. H. H. Nolan, Mrs. S. S. Gilhuly of 342 El Bonita avenue, and Mrs. Alice Sheldon of 462 Hawthorn, a daughter and son in Missouri, a daughter in Iowa and a son in Wyoming. The remains, which are in charge of Pulliam & Kiefer, will be sent to the old home of Mrs. Schnitzius, Savannah, Mo., where interment will take place and where funeral services will be held in the church of which she was a member.

QUICK SOLUTION

AD IN EVENING NEWS SETTLES QUESTION OF WHAT TO DO WITH HOUSE

Mrs. Charles A. Parker of 312 North Orange street, is very busy getting ready to go East. She plans to leave next Monday and to be gone about two months, visiting friends in Montreal, Detroit and Chicago.

The problem of what should be done with her home here in her absence was quickly settled. Last Thursday morning she inserted an advertisement in The Glendale Evening News offering it for rent for two months, furnished, and before 3 o'clock an applicant had called and leased it. Miss Winifred Parker will be the guest of her cousin, Mrs. Draper of North Kenwood street, during the absence of her mother. Thursday afternoon Mrs. Parker is entertaining quite informally friends who want to bid her goodbye and also to meet her cousin, Mrs. Draper.

JOHN MORRIS

BRIEF SKETCH OF HIS LIFE AND CHRISTIAN WORK

John A. Morris, brother of Mrs. C. R. Norton of Glendale, Mrs. F. W. Anderson of Glendora, was born in Van Buren County, Iowa, June 29, 1860, being at the time of his death just a little past sixty years old. He departed this life August 10, 1920, at 4:30 a. m. He was converted and united with the Methodist Episcopal Church when quite young, and had lived a consistent Christian life. He had served as Sabbath School superintendent and in other official relations. For nearly twenty years he had been a sufferer, not being able to do any hard work. He was married at Houstonia, Mo., in 1890. To that union there were born four sons. One died about three years ago at Kirksville, Mo. Mason and Hugh are living at Taft, Calif., and Clifford at Bisbee, Ariz. The two first named attended their father's funeral. John A. Morris was born of excellent parentage. His father, William C. Morris, was a long-time resident of Van Buren County, Iowa, his mother, Sarah Evans, a native of Illinois. He was in every way worthy of the name he bore. During his long and severe affliction he was patient and hopeful. The Christian hope sustained him to the last. For the past four or five weeks his sister, Mrs. Anderson, was a frequent visitor at his bedside, and administered in every way possible to his comfort and relief. Mrs. Norton, his sister, spent most of the time with him during the closing weeks of his severe suffering, cherishing and relieving him by tender care and sympathy. On the morning of August 10, "He was not, for God had taken him." He fell asleep in Jesus and awoke in that "Country where sorrow and tears never come." The funeral services were attended by a goodly number of his friends, of whom he had many. He is remembered by all as Uncle John. Many beautiful flowers were offerings to his memory.

Rev. E. Hoskyn, assisted by Dr. Warner, conducted the funeral services, and the body was conveyed to Forest Lawn Cemetery, where it will await the resurrection morn.

"As a Man Thinketh So Is He"

Today

The One Big Trouble.
Can You Name It?
The Poor Have No Power.
Prosperity Does Not FEEL.

—By Arthur Brisbane—
(Copyright, 1920.)

ASK a hundred: "What is the matter with this country?" and you will get ninety different answers, some of them as follows:

Working men get too much and produce too little.

Working men do not get a fair share of what they produce; they are discouraged and restless.

Capital costs too much, interest rates are too high, enterprise is discouraged.

The Government spent billions on the basis of "cost plus ten per cent," encouraged graft and profiteering by capital and labor, and ruined the country's moral tone.

A wave of unrest is spreading over the world, and we are suffering our share of it.

Millions of young men, taken from their homes across the ocean, came back dissatisfied with the old, quiet life, and spread dissatisfaction.

Arthur Brisbane's column "Today" in The Examiner has a strong appeal to those who regard the day's news as **more** than a mere chronicle of events. They look upon it as an inspiration, a guide for their own thoughts regarding the great questions of the day—helping them develop opinions that win for them a reputation as men of affairs. Only a big man, thinking in a big way, can digest the cream of the many social and economic questions that confront us and pass them on to the American people as Arthur Brisbane does.

"Today" is the "news menu" of the American breakfast table. It contains the "meat" of the current news, thoroughly digested, and containing "food for thought" for information-hungry men and women.

Read TODAY in The Examiner every morning!

MISS BASSETT

RETURNING TO CHINA MISSION FIELD AFTER YEAR'S FURLOUGH

Miss Beulah Bassett of 325 Myrtle Street, who started on her return trip to China as missionary from the Baptist Mission Board today, will be obliged to remain three or four days in San Francisco, in order to meet all the requirements of customs officers, tax collectors, etc. The regulations are more strict now than before the war. Some time will be required to pilot new workers around the city who are not so familiar with the various offices as Miss Bassett is.

For some time Miss Bassett has been preparing for the trip, sewing and packing. She has had several large chests made in which her furnishings are packed.

The steamer on which Miss Bassett, with other missionaries, will sail, "The China," belonging to the China Mail-Steamship Company, is a small steamer of 10,000 tons, and carries ninety first-class passengers, besides second-class. Unless the ports are barred on account of cholera, they will have three days on shore in Japan, one day each at Yokohama, Kobe and Nagasaki. In Honolulu Miss Bassett expects to meet an old friend, Miss Carrie Vissinger, formerly of Alton, Ill., and now a Y. W. C. A. worker.

Some very interesting facts in regard to the customs of China were given to an Evening News representative by Miss Bassett, before her departure.

With wages so high here, it seems incredible that a retinue of servants can be maintained in China for the small sum of $8 per month. A laundress will work for $1.50 per month, a cook for $2; then one requires a coolie to carry packages, etc., a gateman to guard the premises from dogs and thieves, and a water carrier. The servant expense is borne by four persons. With such a list of servants it would seem that one would have nothing to do; but to oversee and train servants is quite a task. The Chinese cooks do not bake nor boil, but must be taught.

The missionaries are often invited out to dinner with the Chinese, or to a feast, either of which courtesies must be repaid by a like occasion. However one can invite a large number at one time and thus repay many social debts. Eighty is not an uncommon number at a feast. Men and women occupy separate dining rooms, and a feast usually lasts all day. In order to waste as little time as possible, the missionaries often go late. The first course at a Chinese dinner consists of rice, served in five or six bowls; then bamboo sprouts, parboiled and fried; tree fungus and liver fried together; bean sprouts fried with red pepper; fried chicken with red peppers and peanuts fried in peanut oil called lah tsi ki.

A feast is a much more elaborate affair, with an endless variety of dishes. The dessert is always served first, then comes watermelon seeds, peanuts, and candies, such as preserved grapes, candied ginger and preserved cherries; then in varying order the following are served: Cakes and tea; hot cakes, with melted brown sugar, the cakes being dipped in the sugar and eaten with the aid of chop sticks; cold sliced meats, ham and chopped chicken served with a dish of vinegar into which the meat is dipped. With this is served large duck eggs which have been soaked in vinegar until the shell is jelly-like. Throughout the entire feast no one lifts a morsel to her lips until the hostess gives the signal, "Chin, chin," which means "Please eat," in this instance. At other times the expression which always infers a verb, means, "Please do ——" whatever is referred to.

Other courses following are lotus seed soup, consisting of hot, sweetened water and lotus seed. A big bowl is brought in out of which each one helps herself, using a china spoon. No napkins are used by Chinese, but foreigners use their handkerchiefs to wipe spoons, which are often not washed very clean.

Next comes a huge boiled fish, served entire, tail, eyes and all, on a large platter, with an arrow root thickened, ginger flavored gravy. When the hostess says "Chin chin," everyone helps herself to fish, using the chopsticks. Everything except soup and watermelon seeds are eaten with chopsticks. Four bowls of bamboo sprouts are then placed on the table; also liver and celery; peas in gravy and greens in clear soup follow in succession. It should be mentioned that as one dish is brought in, others are removed, thus keeping available space. Then come the cold dishes, such as shaved carrots and shaved sea weed, which is very hard to masticate. With these are served ginger and string beans pickled in brine.

There is a dish which foreigners do not relish, made up of a soup in which are pig's stomach and eel or something similar. The steamed rice pudding which is composed of eight different fruits as dates, pears, cherries, melons, Buddhas' hand, etc., is very good and appetizing. The last dish comes in on a pewter tureen, a big piece of pork and a whole chicken with head and feet, and lamb, all served with rice and so well done that it readily falls apart when touched, which is a great convenience inasmuch as carving is not done in China.

At a feast it is wise to let the Chinese in charge attend to the seating, as rank determines the seating, and a foreigner might make a mistake. A banquet hall or garden is rented for the occasion, and tables are arranged with eight persons to each. No table cloth is used, the table surface being lacquered. During a feast the table requires frequent wipings as a result of each one helping himself from a common dish. At such times the guests are seated around the room and provided with cake and tea while the cleaning process goes on. The Chinese drop bones on the floor which the dogs attend to. Foreigners endeavor to place such refuse on the side of the plate. The Chinese do not offer thanks before meals, but after learning the custom of the missionaries they are usually asked to do so by the Chinese. Quite often, Miss Bassett says, the doxology is used in place at the usual grace.

No drinks are served nor ices. There are no parties, nothing but feasting and gambling.

What the country needs is for the railroads to can the freight jam without delay.

The profiteer should be ashamed to look an honest price-tag in the face.

There are fewer book agents since hodcarriers are paid six dollars a day.

GUY ARCHER WINS

SCORES 332 POINTS IN 30 GAMES OF HORSESHOE PITCHING

The third and last series of games in the prize contest at the Glendale Horseshoe Club's grounds was played Saturday afternoon. The prize was won by Guy Archer, who has been pitching only a few weeks, he coming out 8 points ahead in the 30 games played for the prize. A pair of horseshoes was the prize. The score of the three leading contestants was: Guy Archer, 332; J. D. Porter, 324, and C. E. Higley, 228. Porter made 160 ringers, Highley 143 and Archer 131.

The club will change from the 4-pound to the 2¼-pound shoe in September, and after the players get used to the new weight, another contest will be staged for both points and ringers.

There are three members of the club whose combined ages are 240 years. They are L. A. Heacock, 83, who, though he has but one arm, and that the left, can still heave a 4-pound shoe 40 feet and occasionally score a ringer; Thomas Archer, who owns to 81 years; J. L. Denney, who is 76.

A PRETTY LOVE SONG AND AN IRISH BALLAD

Frank Crumit sings a pretty love song for Columbia Records this month. Its title is "Marion (You'll Soon Be Marryin' Me)," and it's a safe bet that most any Marion would, if she could hear this appealing artist sing it. The selection is coupled with Charles Harrison's real Irish ballad, "Pretty Kitty Kelly."

"Dance-O-Mania" is not a disease, but a fox-trot played by The Happy Six, calculated to promote the desire for dancing until it really becomes a mania. On the other side of this record the Louisiana Five Jazz Orchestra plays the fox-trot "Slow and Easy," introducing "I'm Sorry I Ain't Got It You Could Have It If I Had It Blues."

"Tripoli" is a medley waltz played by Prince's Orchestra and introducing "Let the Rest of the World Go By." The same orchestra plays on the other side of this record the waltz "Romance," introducing "There'll Come a Day."

VAN DE WATER

Stands Squarely With Senator Harding on the Vital Citrus Tariff Question

Under the date of Thursday, August 12, 1920, the Associated Press carried the following dispatch from Marion, Ohio:

In his telegram on tariff, sent former Senator Frank P. Flint of California, Senator Harding said:

"Your telegrams describing the depressed condition of the California lemon industry suggest several things. I feel an especial concern for the California fruit industries because they have given the country a splendid illustration of the beneficent results of highly organized, well-managed co-operation.

"It is especially necessary that the great industry should not be permitted to suffer because of a maladjustment of tariff rates. American markets cannot be systematically surrendered to foreign producers, however kindly we may feel toward our allies; and the conditions your industry faces are those that many others do now or will later confront unless proper protection is given in view of the extraordinary conditions in the commercial world.

"The Republican policy of giving first attention to American interests, rather than to those of other continents, will insure against disaster to industries situated as is this one. To such a policy, I gladly subscribe."

Charles F. Van de Water, candidate for the Republican nomination for Congress in the Ninth Congressional district of California, is highly gratified with the splendid four-square stand taken by the Republican Presidential candidate on the tariff question, and especially with the specific statement that California must be protected as regards the citrus industry.

Mr. Van de Water has told his friends and supporters that it will be upon Senator Harding's tariff platform that he will stand if nominated and elected to Congress. Mr. Van de Water declares that an adequate and honest tariff to protect all American industries will be his aim, and that in this endeavor he knows that the past performance of Republican Presidents and Republican Congresses assures the fact that such a tariff will be secured if the people make their government once more a Republican government.

As far as is humanly possible within the short time that is alloted, Mr. Van de Water has promised his supporters that he will acquaint the people of this district with his stand on the most vital questions that confront us at this critical time.

Mr. Van de Water stands without equivocation for the enforcement of the dry law to the letter. He has been a dry advocate during all his career.

The granting of full suffrage to the women of America; it is his confident hope that the thirty-sixth State will ratify the Anthony amendment in time for women to vote at the general election this fall. In the vote of enfranchised women he sees maintenance of the Volstead act in the nation, and with that enforcement the growth of a great, clean, moral era, when America will rightfully lead the world for humanity and for real progress.

Mr. Van de Water stands for a square, fair deal for the soldiers and sailors who served in the great world-war.

Mr. Van de Water stands for the great principles of the Republican party—the party that will reconstruct this country and bring it back to sanity under Harding and Coolidge. He will give these Republican leaders his unqualified support in Congress if elected.

Help give Harding and Coolidge a substantial Republican majority in the American Congress by nominating and electing Charles F. Van de Water of Long Beach to Congress from the Ninth California Congressional district.

Steamship Record

The extraordinary developments of airplanes during the last decade has caused the world to look forward confidently to crossing the ocean comfortably, safely and cheaply at a speed of more than 100 miles an hour. The progress that has been made in aviation warrants the prediction that transatlantic flights will become common-place before a great many years have passed.

It is gratifying to note, however, that while we are waiting for the perfecting of aircraft we are not neglecting improvement of the carriers on which we are at present dependent for journeys to Europe. The new record established by the steamship Aquitania, which has just completed a voyage across the Atlantic with a spurt toward the close of 31 miles an hour is a reminder of the power that has been developed in marine engines. To drive an enormous vessel like the Aquitania through the water at a speed exceeding half a mile a minute is no small accomplishment.

Prune and Water Trees

W. H. Verity of 511 West Broadway, to show what good pruning and irrigation will do for fruit trees, brought to The Evening News yesterday afternoon a freestone peach measuring 11 inches in circumference and weighing 13 ounces. It grew on a tree apparently about 10 years old that last year bore such small and worthless fruit that Mr. Verity let it drop and rot. He pruned it carefully, however, and irrigated it every time he flooded the alfalfa patch, and this year he got four lug boxes full of fine large peaches, most of them weighing over 10 ounces each.

Fine Garden

Mr. and Mrs. King who moved from California avenue last spring to the property owned by the Holy Family Catholic Church at the corner of Lomita and Louise, are enjoying the yields of a fine garden, which Mr. King planted and cultivated when he resigned his position as night operator for the Western Union in Los Angeles. He said he wanted a job which would enable him to see more of his home and family. He has recently accepted a position with the Moreland Truck Company which he thinks he will like better and says he believes his garden is now far enough along to about take care of itself.

NOTICE OF TRUSTEE'S SALE

Whereas, by a Deed of Trust, dated March 11, 1919, recorded June 28, 1919, in book 6898, page 18, of Deeds, Records of Los Angeles County, California, to which record reference is hereby made, Homer A. Hansen and S. Maude Hansen, his wife, did grant and convey the property therein and hereinafter described to the Title Guarantee and Trust Company, as trustee, to secure, among other things, the payment of one certain promissory note, in favor of S. L. Sorenson, and other sums of money advanced and interest thereon.

Whereas, said S. L. Sorenson has for a valuable consideration sold and assigned said note and duly endorsed the same to Frances L. Balch; and

Whereas, there has been a default in the payment of the semi-annual installment of interest due and payable on said note September 11, 1919, and all subsequent semi-annual installments of interest, and by reason of such defaults, said Frances L. Balch, the owner and holder of said note and Trust Deed, on to-wit, April 22, 1920, exercised her option and declared the full amount of the indebtedness secured by said Trust Deed, immediately due and payable, there being the total sum of $1650.00 now due and unpaid; and

Whereas, in accordance with the provisions of Section 2924 of the Civil Code of the State of California, said Frances L. Balch, the owner and holder of said note and Trust Deed, on to-wit, April 28, 1920, caused to be recorded in the office of the County Recorder of said Los Angeles County, a notice of such default and the payment of principal and interest, and of her election to cause the property described in said Trust Deed to be sold, in accordance with the provisions thereof, to satisfy said obligation, which notice of default and election to sell was duly recorded in Book 7214, Page 37 of Deeds, Records of said Los Angeles County; and

Whereas, said Trust Deed provides that, if there is a default in the payment of any of the sums secured thereby, upon application of the holder of said note, the trustee shall give notice and sell so much of the property as shall be necessary to satisfy the indebtedness secured thereby.

Whereas, said Frances L. Balch, by reason of the default in payments as stated, has requested the Title Guarantee and Trust Company to give notice and to sell said property, or so much thereof as shall be necessary to sell, to pay all the indebtedness secured and expenses incurred necessary to the execution of said trust.

Now Therefore, notice is hereby given that the Title Guarantee and Trust Company by virtue of the authority vested in it as Trustee, will sell at public auction, to the highest bidder, for cash in gold coin, on the 4th day of September, 1920, at the hour of 11 o'clock a. m. of said day, at the western front entrance of the Court House in the City of and County of Los Angeles, State of California, all the interest conveyed to it by said Trust Deed, in and to all the following described property, to-wit:

Lots Eight (8) and Nine (9), in Block 13 of the Los Angeles Land and Water Company's Subdivision of a portion of the Maclay Rancho, in the County of Los Angeles, State of California, as per map recorded in Book 3, Pages 17 and 18 of Maps, in the office of the County Recorder of said County; or so much thereof as shall be necessary to pay the total amount of the principal, interest, advances, charges, and costs, amounting to the sum of Eighteen Hundred Fifty and 00-100 ($1850.00) dollars, due and unpaid.

In Witness Whereof, the Title Guarantee and Trust Company has duly authorized this notice, by the signature of its Vice-President, attested by its Assistant Secretary, who has affixed the Corporate Seal, at Los Angeles, California, this 29th day of July, 1920.

There is usually trouble brewing for the man who gets caught making home brew with a kick in it.

No state has been successful in providing an effective penalty for the professional joy killers.

Anyhow, nobody can force us to buy a record containing a "canned" political speech.

PROSPERITY BRINGS RESPONSIBILITIES

One word will explain much in connection with the present abnormal condition in this country—export.

If a very large part of the world stops work for five years; if millions of men withdraw from useful occupations and spend their time in burning and pillaging and destroying property and wealth; if whole nations of skillful workers are without raw material and machinery and nations become bankrupt; what additional tasks fall upon that portion of the world's population which is permitted to continue the ordinary pursuits and is backed by abundant resources? Little imagination is required to arrive at a conclusion.

When the European war began we were exporting manufactured goods to the value of about $700,000,000 annually. During the past year we have produced and sent out to other nations manufactured articles to the value of $2,850,000,000. Nor is this vast increase wholly to be accounted for by higher prices. The volume of goods is enormously increased. During the past year we have exported 900,000,000 yards of cotton cloth and 20,000,000 pairs of shoes, an amount in both cases nearly twice as much as the exports of 1914.

Much has been said of late concerning the menace to our agriculture from the desertion of the farms by both owners and hired workers. But recent government reports indicate that our farmers are sending abroad foodstuffs amounting in value to four times that received for their exports of 1914. Before the war the high mark for exported foodstuffs was about half a billion dollars, but during the past year other nations bought in the United States food products amounting to more than $2,000,000,000.

Such a condition cannot fail to influence powerfully economic affairs in this country. It is to be reckoned with in any discussion of our industrial relations, and, indeed, of our social problems. The wealth of the world is being dumped into the lap of the nation, and opportunities such as come to a people but once in many generations challenge our skill, energy and integrity. Never before, perhaps, had the American people greater need of sane leadership, well chosen representation in government and individual self-control. For prosperity brings its peculiar responsibilities and perils.

In the next great war military engineers should consider the grade crossing as an instrument of destruction.

MODES AND MORALS

LENGTH OF SKIRTS OR NO SKIRTS; REGULATION OF BATHING SUITS

No doubt Eve's first costume was criticized as immodest by her husband, for ever since the dress of woman has been under masculine displeasure. It seems strange with the incessant change in the dress of woman that it does not by accident some time strike a mode which should meet with the approval of those for whom women are generally believed to aim to please in their dressing.

Even the skirt, which has been of every length and shortness possible within the past few years, never seems to be exactly right and so is kept in a state of perpetual motion. How ceaseless are these changes may be illustrated by the statement of a popular motion picture actress, who declares that in her journeys over this country and Europe it has kept her maid busy shortening or lengthening her skirts to keep pace with the styles of the times and of the places visited.

Then there is the woman's bathing suit, which every summer furnishes fresh food for moralizing. To say nothing of the recent discovery of a local authority that the stockingless woman is no more immodest than the barefoot man, there are indications from several sources that the skirt to the bathing suit, whose diminishing length during the past few years has been the subject of much impassioned debate, will soon be abolished altogether, as the march of the one-piece bathing suit comes steadily from the West to the East.

The day may not be so far distant as some of us imagine when the skirt will be a thing of the past, and when there will even be laws enacted against the wearing of it as a source of useless controversy and tending to divert the minds of both men and women from more important subjects. At least there should be a law forbidding a change in them during a Presidential campaign.

One of the things that come back this year is the perfect abandon with which campaign managers claim everything in sight.

Public Opinion

Reading the biography of someone who did something to attain unusual prominence, one often finds the statement that the subject of the work "had no fear of public opinion." This is meant to be praise of the highest kind and usually is so regarded by the reader. It implies that the person had convictions of his own and was courageous enough to act on them.

It is a fact, however, that there is a good deal of prejudice and stubbornness to be found in the natures of some very able men. Such as they have gone up the ladder not because of these characteristics, but in spite of them. The truly great person has no temptation to keep his ear to the ground or to be tossed about by every trivial breeze of impulsive clamoring. But he does have a deeply-rooted respect for the thoughts of his fellow men. And he takes serious account of public opinion, because he knows that in the long run it is usually right.

The fact that her army consists almost exclusively of generals proves that Mexico, whatever her faults, is not Bolshevist.

"During the year 1919 compiled detailed record of the maintenance expenses of several leading makes of cars. In the case of eighteen Fords the average cost of operation was 7.7 cents per mile. Six Dodge cars showed an average expense of 8.6 cents per mile. Four Buicks gave a rate of 9 cents; two Overlands, 9.6 cents; two Reos, 10 cents; four Studebakers, 10.3 cents, and one Paige, 8 cents. The figures given included the expense of ordinary repairs, tires, gas, oil, etc., but did not include interest, taxes, depreciation or licenses. If, to the above mileage costs, were added the rate per mile for the items of depreciation, license, taxes, insurance and interest (all of which are legitimate items in the maintenance of an automobile) the cost per mile would be increased by at least 2 cents."
